# President Returns to the United States

## WILSON IS CONFIDENT AMERICA WILL APPROVE THE LEAGUE OF NATIONS

BY ROBERT J. BENDER

Boston, Feb. 24—(By Courier from The George Washington, anchored in President Roads)—President Wilson is confident that congress and the people will approve participation of the U. S. in a league of nations.

Failure of America to sanction such a course, would, he believes, be a great moral blow to the civilized nations bending their efforts toward a just and lasting peace.

For the United States to refuse to join in what he and a majority of the nations regard as the fundamental of a lasting peace would, he believes, break the heart of the world movement for a new order of things.

His big fight, if one proves necessary, will come after the Paris conference has finally approved a league of nations and the peace treaty is complete, ready for submission to the United States senate for ratification.

Then the President will go before the people if necessary, to ask support. But that will probably not be before midsummer or fall.

## CIVIL WAR IS NOW THREATENED IN BAVARIA BETWEEN RIVAL ELEMENTS

BY FRANK J. TAYLOR.

Wilmot, Feb. 23—Civil war is threatened in Bavaria unless a compromise is effected between the rival governments which set up separate governments following the assassination of Premier Eisner, according to advices received here today. The combined soldiers, peasants and workmen soviet seized the soviet machinery and proclaimed a communistic republic. A few hours later the ma-

## BAKED BEANS FOR PRESIDENT WILSON      BACHELOR TO BUILD HOME FOR OLD MAIDS

Boston, Feb. 24—President Wilson will partake of Boston's favorite dish—baked beans—if Jean Jeaton, chef at the Copley Plaza hotel has his way. Jeaton prides himself that he has cooked beans for many a distinguished personage and among them was General Joffre, who is said to have pronounced them "delightful." The president had lunch at the Copley Plaza before going to Mechanic's Hall for his address.

Sousley is willing to build.

Business Man's Letters May Read Soon

Business man and secretary at work in compartment of "Aircro" de Havilland type airplane.

A passengers' cabin enclosed in glass and fitted with easy chairs, an office desk and typewriter, is included in the new type of passenger plane known as the "Aircro" de Havilland type. The busy business man and his secretary can now fly together from city to city and handle their business details en route. The photo shows one of the plane's cabins just before the machine left the ground. A business man and his secretary are at work. For the purpose of showing the cabin to better advantage the glass roof and sides of the cabin have been raised.

## Premier Clemenceau Is Now Out Of Danger

Premier Clemenceau of France reviewing American soldiers in France during war and portrait of the "Tiger."

Announcement that the X-ray examination of Premier Clemenceau's wounds showed that one of the bullets had pierced his lungs and lodged near them has caused grave concern in official circles and among his many friends. The first

examination of the wounds inflicted by Emile Cottin, the youth who fired seven shots at the premier in an attempt to assassinate him, indicated that they were superficial. Clemenceau is remembered by American soldiers back from France for his interest in their

welfare and his pleasant smile and ready wit when talking to them during the war.

## GERMAN GOVERNMENT REFUSES TO RECOGNIZE NEW MUNICH REPUBLIC

Berlin, Feb. 23.—The German government announced its determination today to refuse recognition to the newly proclaimed soviet republic in Munich. Military action was expected to be deferred however, until the Bavarians themselves are given an opportunity to overthrow the radicals.

Spartacus disorders were continuing in the industrial districts of Germany. At Mannheim, prisons were opened and the city was being patrolled by armed cars. Manned by radicals. The Spartacists demanded establishment of a soviet government. Among them was a brother of Count Luxburg, former German minister to Argentina and author of the famous "spurlos versenkt" message.

Thongs of citizens were said to have visited the spot where premier Eisner was assassinated, standing about with bared heads.

## DENY REPORTS OF MUNICH DISORDERS

Copenhagen, Feb. 24—Reports of disorder in Munich, following the assassination of Premier Eisner, and other ministers, are denied by the "committee of eleven" according to dispatches received from Munich today.

The committee, which has set up a soviet government, has announced its determination to resist any interference by the Ebert-Scheidemann government.

Last previous reports stated that the Spartacists had completely overthrown the Bavarian government and set up a soviet republic in Munich. Fighting and pillaging was said to be going on Friday and Saturday. Rossau, one of the six ministers shot during Friday's session of the diet was variously reported to have died from his wounds and to have been captured by the Spartacists. It was also reported that Auer and Arco-Valley had died from their wounds. The latter, a monarchist and former captain in the Prussian guard was wounded by a guard after he had shot Eisner.

## BOLSHEVIK DISORDERS BREAK OUT IN GRATZ

Berne, Feb. 24—Bolshevik disorders have broken out at Cratz, capital of Styria (a former province of Austria-Hungary) where severe fighting was going on, according to the latest advices received today. Students with bolshevik tendencies were reported to be employing machine guns against government forces, who had been reinforced by workmen. Heavy casualties were said to have resulted.

## ANOTHER HIGH OFFICIAL KILLED

## CLEMENCEAU IS REPORTED OUT OF DANGER

Paris, Feb. 24—Premier Clemenceau, shot by an assassin Wednesday, was believed to be out of danger.

The official bulletin issued today said: "Premier Clemenceau is continuing to improve. He spent restless night however, owing to his enforced inactivity yesterday. His temperature is 36.6 centigrade (97.8° Farenheit)."

It was expected he might be able to carry out his avowed intention of resuming his official duties tomorrow.

A band of boys appeared on the street yesterday afternoon, carrying a red flag and shouting "down with Clemenceau!" Gendarmes scattered them and seized the flag.

Spectators were mildly amused.

"The Premier slept in his bed last night and probably will preside at the peace conference session Thursday," the Echo De Paris said today. (Clemenceau had been sleeping in an arm chair.)

## ANOTHER REPUBLIC IS PROCLAIMED

Paris, Feb. 24—A soviet republic has been proclaimed in Nuremberg the second city of Bavaria, according to a despatch received by L'Information today.

## STOLE SAME WALLET TWICE

St. Louis, Feb. 24—Harry Hastings, boarding a street car, felt a negro's hands in his pocket. He recovered his money and invited the negro to ride with him, reproving him kindly but seriously. He again missed his wallet, two minutes after his guest departed.

## CHIEF EXECUTIVE SPEAKS IN BOSTON MONDAY AFTERNOON

Boston, Feb. 24—President Wilson landed at Commonwealth Pier at 11:53 o'clock this morning.

Ranks of troops presented arms as the nation's chief executive arrived home after his history-making trip to Europe.

From the revenue cutter Ossipee which brought him ashore from the transport George Washington to the elevator in the Pier building, the president walked over a velvet carpet beneath a canopy of flags.

As the revenue cutter came up the harbor with its escort of naval vessels, salutes were fired and steamers in the bay greeted the president with a bedlam of tooting whistles and sirens.

The president left the George Washington and went aboard the cutter at 11:05 a. m. There was a strong west wind, making the sea choppy. As the president boarded the Ossipee its ensign was broken out at the mast-head. When the president left the cutter at the pier, he passed through the ranks of a welcoming committee composed of high naval officials and officers of the army department of the northeast.

Three airplanes, which had been circling about the transport earlier in the morning, maneuvered over the pier as the president landed.

There was much cheering as the Ossipee approached the wharf and President Wilson was seen standing on the bridge of the cutter.

The Ossipee was alongside the pier at 11:45 but there was considerable delay in getting the gangplank in readiness.

After the President had been taken in the elevator to the upper level of the pier, he was introduced to a number of army and naval officers and members of the committee of welcome. Just before he entered the automobile, it was learned that twenty-two suffragists had been arrested near the state house, where they had gathered with the intention of confronting President Wilson with placards asking him about votes for women.

The suffragists were headed by Miss Katherine Morey of Brookline, Mass.

The presidential party left the pier at 12:11 p. m. President and Mrs. Wilson were both muffled up in fur coats. As they started for the hotel the air planes, flying at a great height, headed over the city of Boston. The hum of their motors gave the crowds waiting in the streets warning that the president was coming and at several points the throng surged forward but was pressed back.

There were no spectators, other than officials, anywhere near the landing place. A great demonstration began as soon as the long line of motor cars was sighted by the crowd approaching from the direction of the pier.

Leaving the pier the parade headed for the down town district, passing through streets that were banked on both sides, with cheering thousands, held back by ropes and by police and troopers. The route was past the state house and Boston common. A police automobile filled with officers preceded the President's car.

Boston strove to outdo the greetings extended to the President in London, Paris and Rome. The president bowed and waved his hat again and again in response to the continuous yell of welcome.

Every window had its crowd, waving flags and shouting. But on the roofs were soldiers with rifles, watching the throngs in the streets and the people in the windows opposite.

As the procession approached Boston Common a salute of 21 guns was fired by two 3-pounders, manned by coast artillermen from the harbor forts, stationed in the common. The concussion rattled windows for blocks around. The cheering reached its

## NO CONSPIRACY TO ASSASSINATE THE PRESIDENT

New York, Feb. 24—Although the 14 Spaniards, arrested here by secret service operatives, in one of their periodic drives against alien enemies and radicals, are "undesirables" nothing to warrant the assumption that they were plotting against the life of President Wilson has been disclosed, according to federal officials today.

The men here were arrested on tips received from Philadelphia and the Philadelphia officials in turn arrested ten other aliens there upon information secured from the raid here.

"We have nothing to indicate that there was a plot against President Wilson," Captain Peter Rubino, chief of the secret service here declared. "We are going on the theory that it is better to take precautions now than to regret it later."

The men will probably be turned over to the immigration authorities for deportation.

## OHIO SUPREME COURT REFUSES TO RE-OPEN TAX CASE

Columbus, Feb. 24—Ohio supreme court refused to re-open the property classification case today. This follows the filing of a petition for a rehearing by attorneys for the Ohio Tax Payer's League last week. The definite settling of the case gives the members of the legislative joint tax commission a free field to draw up a new Ohio tax law.

# WOMEN EVERWHERE

Praise Lydia E. Pinkham's  
Vegetable Compound as the  
Greatest Remedy for  
Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."

—Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

The Many Mysteries of Nature

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening drains, bearing-down pains, periodical irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10¢ to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial pkg. Tablets.

His illness lasted eight months. He came to Xenia in October 1916 from St. Louis, Mo., and was united in marriage to Miss Minnie Byrd, March 12, 1917, in Coateson, Ohio. He is survived by his widow of this city a mother, father, three sisters and eight brothers in Alabama. The remains were brought here for burial in Cherry Grove cemetery. The funeral was private at the home of Mr. Charles W. Byrd, a brother of the widow, this afternoon at 3:30.

## O. T. COBLENTZ HAS \$4,200 SALE

Receipts amounting to \$4,200 were taken in at the public sale conducted by O. T. Coblenz, Thursday, at his farm on the Indian Ripple road. A good buying crowd was on hand for the sale.

Horses sold from \$175 to \$227, cat-

the brought \$100 to \$160 and pigs sold from \$5 to \$8. Brood sows brought \$48 to \$66. Corn sold at \$1.61 and hay from \$19 to \$21 a ton in the barn. Chickens sold for \$1.26 to \$1.75. Farm implements also sold good. Koogler & Koogler were auctioneers and Elmer Johnson was clerk.

Mr. Coblenz wishes to thank his patrons for their courtesy and promptness in removing the stock. He was also very grateful to the Gazette and Republican, in which papers he runs a large space exclusively. Although Mr. Coblenz lives in Montgomery county he drew his crowd from Greene county.

## PIMPY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

## BURGLAR GETS ROUGH END OF IT IN HAND TO HAND STRUGGLE

Walter Clevelle, frustrated an attempted burglary at his home on Fayette street at two o'clock Sunday morning, when he chased the would-be burglar through the front window, after a hand to hand conflict in the parlor in which the unwelcome visitor received the worst end of it.

The burglar entered the house through the pantry window, which was open, and he turned out a light which was burning in the room where the Clevelle children sleep. The sudden darkness awoke the children whose cries awoke Mrs. Clevelle, and she again lit the light. She awoke a short time afterward and again found the light out and this time she awoke Mr. Clevelle. This time Mrs. Clevelle discovered the intruder near the foot of the bed but when she asked him what he was doing there he ran. Mr. Clevelle met him in the doorway between two rooms and knocked him down. When the would-be burglar recovered his poise he dashed through the front window taking glass, sash and all, and made his get-away.

A careful search failed to reveal that anything had been taken, and it is believed that the man was only in the house a few minutes when his presence was discovered.

### When the Door Slaps.

It ruffles the tidy nature of the handy man to have to pull and jerk at his door to open it, and then to have to coax and push to shut it. A door should fit in its frame like a stopper, in a bottle, he thought. A cursory examination disclosed that it stuck at the bottom. Of course, if the swelling had been at the top it would have been so easy to plane off the surplus. But at the bottom! He tried tightening the screws in the upper hinge, which were quite loose, but found the wood so soft that even longer screws would not hold. There seemed to be nothing to do but remove the upper hinge, dig out the soft wood and insert in its place a piece of new wood, which held the hinge firmly and prevented the door from sagging.

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder Bothers You.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with Ithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding local complications.

A well-known local druggist says he

## DUES PAYING PARTY IS HAPPY AFFAIR

The little folks of the Kings Guards and Home Guards of the First M. E. Church had a jolly time at their annual "Dues Paying Party," which was held Saturday afternoon at the home of Irene Parrett. The house was decorated with flags and bunting, and following the regular meetings enjoyed refreshments of gelatin with cherries and cakes baked in the form of a hatchet. There were 15 children present, in charge of Mrs. C. L. Spencer, Miss Elizabeth Thomas and Mrs. Henry Norckauer.

OUR ONLY LIVING EX-PRES-  
IDENT WARMLY ENDORS-  
ES THE LEAGUE OF NA-  
TIONS.

Where is the man, when he thinks of the frightful world war wreaking its toll of death and unspeakable horrors only six short months ago, who does not fervently thank God that it is over; and in his deepest heart say "God bless every one who helped bring the result." And we all feel that no one person has done more, or as much, to bring this about than our own honored President, Woodrow Wilson. We are sure that millions of prayers have gone up to God asking blessing upon him for it.

And now that there is a world effort to clinch the result of the war by a League of Nations to keep the peace, what is our duty towards this movement? It should be that of our most earnest sympathy and hearty co-operation. The proposed draft of the League elaborated at Paris, just before President Wilson left, is not supposed to be in whole just what it will be when perfected. That is understood by everybody. What then is our duty—certainly not to try to tear it to pieces, but on the contrary, in a spirit of helpfulness, to suggest improvements.

Writing to Patrick Henry after the Constitution of the United States had been framed, George Washington expressed this opinion of the convention's work: "I wish the Constitution which is offered had been more perfect, but I sincerely believe that it is the best that could be obtained at this time."

Woodrow Wilson might well pass the same judgment upon the constitution of the league of nations, for which he is as fully responsible as was Washington for the Constitution of the United States. Without Washington's influence there would have been no Constitution of the United States in 1789, and without Wilson's influence there would have been no constitution of the league of nations in 1919.

And next to President Wilson, we think another great man is entitled to much credit, no other than our own distinguished citizen, Ex-President William Howard Taft. As a means to do away with war and all its horrors, for years he has been working on "The League to Enforce Peace" in this country, of which he is the President, and in advocacy of which features he has traveled and spoken largely. He and President Wilson have been in accord on the subject. He has unequivocally endorsed Mr. Wilson's every effort in the matter. And further he now endorses the tentative form of the proposed League as forwarded from Paris and published in this country. Here is what he says:

"All who have pressed for a league of nations to maintain peace and prevent war must thank God as they read the provisions of the constitution of the league upon which the nations in conference at Paris have agreed. President Wilson is to be warmly congratulated that the league of nations which he promised to the harassed Allied peoples in his messages and addresses and has urged before the conference has taken such a form."

It is a real league. It has clinching and cinching provisions. It imposes on all the great powers and all others who enter the league a solemn covenant not to begin war until the differences have been submitted either to arbitration and award, or to the executive council which the league as a conciliating body. The parties covenant to obey the award if the executive council unanimously recommend a compromise, and if the party against whom it is made refuses to comply with the recommendation the other party covenants not to go to war.

"Now that President Wilson brings back to us a real league, and has fully made good his announced purpose, it would greatly please the country if the Senators could give him unanimous support. The fourteen nations have done so. Why not the United States Senate? Such action would be heard around the world with acclaim."

"The gentlemen in the Senate who are setting out to defeat this league of nations are those I would not trust over night," William Howard Taft said, Wednesday, at a luncheon given in his honor by civic organizations of San Francisco, as a part of the program of the Pacific Coast Congress of the League to Enforce Peace.

"They are citing the Constitution as an argument against it," continued Mr. Taft. "I revere and worship that great instrument and it is a new

story to me if the Constitution prevents this people from playing their part in bringing peace and order and happiness to ourselves and the other peoples of the world."

NEIL'S CARELESS REMARK TO  
BLANCHE ORTON ANNOYS  
BARBARA.

CHAPTER BIXIE.

What had caused Blanche Orton to make that remark? Had there been something said about her and Neil, and was she repeating it to him? Or, perhaps, he was retailing something to her. Neil always talked more when he had been drinking. That was the way I always knew when he had been indulging himself. He never showed it in any other way.

I had listened intently for Neil's reply to that speech of Blanche Orton's as we rose from the table. He had leaned toward her and said just two words:

"You rogue."

Somewhere those two words hurt me more than if he had said more. It showed an intimacy of which I had not dreamed. I knew of Neil's manner with women, now he carelessly said flattering things, meaning them for the moment, then forgetting the woman and what he had said in another instant. But this was different, this intimacy with Blanche Orton. I sensed danger to my happiness, yet I could not let Neil see how I felt. He was so wilful, so headstrong, that an objection on my part to his intimacy with her might drive him further, instead of halting it.

Not that I thought for a moment that Neil was seriously engaged, or had in any way compromised himself with Blanche Orton; I trusted him too perfectly. But I also knew his disposition, I knew he was in a dangerous position. But she would have to make a fight for him if that was her idea—to take him from me. I should not let go easily. "You rogue!" The words, the manner of their saying, came back again and again as I continued to talk of oil wells, etc., with our guests, while Neil and Blanche turned over the music to find something they used to sing together.

"It went like this, Neil," I heard her say, then she hummed the tune, "don't you remember? You should," laughingly, "you made desperate love to me that night."

Mr. Frederick, the man with whom I was talking, evidently also heard, for he at once flushed and looked uncomfortable, while he talked more loudly as if he were trying to prevent me from hearing anything more. But they had found the song, and were soon singing. I had to confess that their voices blended wonderfully well, and when they had finished I told them so.

"You are very generous," Mr. Frederick said to me when they commenced another duet.

I had begun to quite like this bluff westerner, even tho he lacked many of the graces possessed by men of society. He had interested me wonderfully in his description of the big oil wells he owner in the west, and also in Mexico. He had some pictures of them in his pocket, and seemed pleased that I was interested. His little remark that I was generous made me like him all the more, though, in a way, embarrassed me.

HERE IS YOUR CHANCE TO  
LEARN ABOUT TRACTORSTractor School to Help All Who are  
Interested in Power Farming.

A tractor school is to be held in the Assembly Room of the court house, in Xenia, on Thursday and Friday, February 27th and 28th. The Greene County Hardware Co., I. H. S. dealer is furnishing a tractor and other equipment to be used at this school.

This is a rare opportunity for tractor owners and all who are interested in farm power. You will get some valuable first-hand information on tractors. A tractor is not a complicated machine but there are a great many more things to know about a tractor than some of the ordinary farm machines. If the owner is to keep the tractor running properly he should understand it thoroughly. It is very important that all tractors are kept in good condition, especially this, that is true this year.

If the operator understands his tractor, he will be able to prevent many troubles. He will also be able to get more power from his fuel and to keep the tractor running the maximum number of hours. It is to the advantage of the tractor owner to attend the tractor school and learn about the underlying principles of tractor construction and all the little tricks in tractor operation and care.

The tractor school to be held by the International Harvester Company will be thoroughly practical in every way. The instructors are men who have been handling tractors for a number of years and not only know tractors from the standpoint of theory but have operated them and can give you the benefit of their practical experience.

Come prepared to ask questions. You are invited to put your problems up to the instructors and we assure you they will be in a position to be of help. It might be a good plan for you to make a list of the things you want to know about your tractor and have them ready at the tractor school. Time may not permit answering all the questions but they will be answered by correspondence or the information will be given you in the form of a book. Every possible effort will be made to give the tractor owners the information that will help them.

The Company has prepared a book covering the principles of construction, care and operation of tractors, and all who attend the school will receive a copy of this book free of charge. It deals with the points of discussion that will be brought up at the school and will be of special advantage to the men who attend because they can study it after they have gone back home. Authorities have been handling tractors for a number of years and not only know tractors from the standpoint of theory but have operated them and can give you the benefit of their practical experience.

## PROPRIETOR OF THE COLONIAL IS MUCH IMPROVED

Peter Brown, the Piqua Restaurant Man, Takes the Nerv-Worth Way to Better Health.

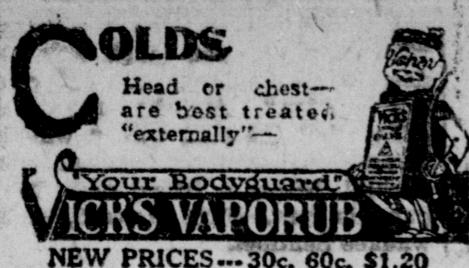

It was a short and inexpensive way. Just a dollar's worth of this famous family tonic made him so happy and grateful that he went back to Greenamyer & Co.'s Drug Store, Piqua, and volunteered and signed the following telling words of praise—"free-will offering" as the demonstrator will put it:

Nerv-Worth Co.—I was in a run-down condition. Had stomach trouble, no appetite. Sleeplessness and a tired all-in feeling.

I have used but one bottle of your Nerv-Worth and am greatly improved. I was formerly a very vigorous man.

PETER BROWN.

Your dollar back if Nerv-Worth does not do for you what it did for Mr. Brown. Sayre & Hemphill sell Nerv-Worth in Xenia. W. F. Harper

### NOTICE TO NERVOUS WOMEN

Mrs. Seibert Tells How You Can Overcome Nervous Conditions

Louisville, Ky.—"I suffered badly from nervousness, a run-down condition, no appetite and pains in my back—until I just had to give up. A friend told me about Vinol and I felt better after taking the second bottle. Now I have a good appetite and am feeling fine, strong and healthy in every way."—Mrs. I. F. Seibert.

The reason Vinol was so successful in Mrs. Seibert's case, is because it contains the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength. Sayre & Hemphill, and druggists everywhere.

P. S.—For Skin Troubles. We guarantee our new skin remedy, Saxol, ready in a Jiffy. Great big package for 25c.

## "ATLAS" SMITH IS PLAYING FULL BACK WITH ARMY TEAM IN FRANCE

Harry "Atlas" Smith of this city, especially the way these "frogs" charge for things. The sooner I get back the better, but boy, I sure am sitting on the world now. No calls to stand, get up at 8:30 and have blackboard talks from 9 to 11, then practice in the afternoon, get a nice shave and do what you want 'till the next day, but the trouble is there is nothing to do in this town. I smoke Murads now and get lots of "chow" so why worry, when back in the battery they are playing war again and in peace times too. I think myself lucky if I don't get thrown off the team.

In the letter, "Atlas" says in part: "I have moved several times since I last wrote and am now at Aigny De Duc, a little jerk-water French town, where the headquarters of the 6th Division is located.

"I am here playing football. Rather strange at this time of year and in this country? Well, we have a Divisional team made up of players from the Infantry, Artillery, Machine Gunners, Engineers, Medical and from all branches of the service. There were three of us sent from the Third Field Artillery and two of them have since been sent back. There are players here from University of Nebraska, Minnesota, Wisconsin and Carlisle, besides lots of professionals but I seem to be having a pretty good year this year so I have been playing fullback.

"We have only played two games—one with the 77th, and one with the 81st Divisions, both resulting in a 0-0 tie. All three Divisions are in the 8th Army Corps so we are playing for the championship of the Corps. The 77th beat the 81st, so we play the 77th again Sunday for the championship. If we win we play the champions of other corps to find the best team in the First Army. If we stay in the running long enough there are some nice trips ahead of us, so here's hoping. But then again I hope we don't stay over here long enough to play many games.

"I have moved around this country a little bit but haven't struck any big towns as good as Besancon since we left there, but I am not strong for this country. I am tired of it all and

### MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosty feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

### FANS INTERESTED IN MATTYS PLANS

Capt. Christy Mathewson.

This photograph of Christy Mathewson, famous pitcher, was snapped on his recent arrival in New York from overseas service. Mathewson was let out as manager of the Reds when Garry Herrmann failed to hear from him concerning his plans. Matty may rejoin the Giants as coach, but has not announced his plans as yet.

### HERE'S WARMING, SOOTHING RELIEF FROM YOUR RHEUMATIC ACHEs

For prompt relief from Rheumatism, Neuralgia, or Lumbago, you can depend on Sloan's Liniment. The warming, soothing, counter-irritant effect is the quickest way to overcome the inflammation, swelling or stiffness. A few drops go right to the sore part, draw the blood from the congested place and remove the cause of the ache. The great penetrating power of

Sloan's Liniment makes rubbing needless. It is easier and cleaner to use than plasters or poultices. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick rest and relief from the pains of sprains, bruises, backache, stiffneck, and most forms of rheumatic twinges. Generous size bottles at druggists everywhere.

## THOMAS GILROY GETS HIS DISCHARGE

Thomas Gilroy, who arrived from France recently with a Casual Company, has received his discharge and arrived at his home in this city Friday night. He was a member of the 83rd Division at Camp Sherman, at first belonging to the 330th Infantry and finally crossing in June for the front with the 26th Division, he was transferred to special duty and left his battery, thus missing the opportunity of getting to the front. He landed in this country at Newport News and was at Camp Sherman a week before being discharged.

### Acid-Stomach Steals Strength and Good Feelings From Millions

acid-stomach is the real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the very cause of this trouble and clean the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful new remedy quickly removes the excess acid without the slightest discomfort. It is EATONIC. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the bloat out of the body—in fact you can fairly feel it work. Make a test of EATONIC in your own case today. Get a big box of EATONIC from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repeating, that awful bloated, lumpy feeling after eating and other stomach miseries. Banish all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort without fear of distressing after effects.

If EATONIC does not relieve you, it will not cost you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give EATONIC a fair trial this very day and see how much better you will feel.

...Something Different

Possibly this is just what you've been looking for—even if it doesn't quite strike your fancy, it will do no harm to tell you what we have in mind.

We've had repeated calls for a bread such as we made several years ago—baked two in a pan.

We have also found that by baking a loaf in this manner and not wrapping it, quite a saving in cost can be made. So we now offer for your judgment

## THEY MAY HAVE BEEN AFTER SWEET REVENGE BUT DIDN'T GET IT

If Wittenberg Academy basketball had some small thought of revenge, hidden away in its anatomical system Saturday night, the poor thought died an unseemly death, for the Springfield lads were administered quite as effective a drubbing by Xenia High School's crack quintet as they were in the previous conflict between the two fives. The score was 51-18.

Although the visitors got the jump on the locals by a measly two points, when Motschman tossed the first field goal, the locals did not trail long, and were soon out in front of the scorers procession and scoring at will. The first half ended with the score 20-10, and up until the last few minutes of the final period, it looked as if the Letharians were going to stop on the decade mark. They scored then only after three substitutes had been placed on the blue and white outfit.

"Yank" Stephens found little to hinder him in ringing the net, although he had Captain Smith of the opposition guarding him. The little forward tossed them almost at will and annexed 14 field goals during the evening's pastime. "Bruno" Ball was also there with his weather eye on the net and he hit the hoop 7 times.

Excellent guarding featured the play of the locals, Satterfield and Vannorsdall, breaking up many an embryo basket and appearing largely in all the pass work. Captain Hartschman has also improved on the free shots and he registered four out of his six attempts Saturday night. Motschman, at forward and center was the star of the visitors, and he scored four field goals. Captain Smith, who did more floor playing than guarding also garnered four baskets. The line-up and score:

Xenia (56) Wittenberg (18)

Stephens ..... 1f ..... Houston

Hartschman (c) ..... rf ..... Motschman

Ball ..... c ..... Tritt

Satterfield ..... lg ..... Graham

Vannorsdall ..... rg ..... Smith (c)

Substitutions: Bales for Stephens; LeSoud for Hartschman; Pillsbury for Ball. Field Goals: Xenia—Stephens 14; Hartschman 3; Ball 7; Satterfield, Vannorsdall; Wittenberg—Houston, Motschman 4; Smith 4. Foul Goals: Xenia—Hartschman 4 out of 6. Referee—W. Vannorsdall, Antioch.

## Public Sales

Have your sale announced FREE in this column early, so that you may claim your date and others will stay off of it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE advertising in the Gazette and Republican bring the crowds. In these days of automobiles the farmer has no time to stop along the road to read sale bills. He is compelled to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It's the buyer from a distance who sees your ad in this paper, who jumps into his auto and hustles to your sale, pays what you stuff is worth. Your neighbor, longer, comes around and picks off what he needs at an absurd price, as he does when you have not properly advertised and gotten a good crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

## ANNUAL WASHINGTON BIRTHDAY PARTY IS DELIGHTFUL EVENT

Although the attendance was not large, due to the unpleasant weather conditions, the annual Washington's Birthday party which was held by Catharine Greene Chapter, Daughters of the American Revolution, Saturday afternoon at the home of Mrs. S. M. McKay on West Market street, was a very charming and enjoyable affair.

Hostesses with Mrs. McKay were, Mrs. James A. Johnson, Mrs. George P. Tiffany and Miss Ann Weaver. Flags and red and white flowers were used to decorate the rooms, in keeping with the observance of the holiday.

A short patriotic address was given by Mrs. A. C. Messenger, past regent of the Chapter, and Mrs. J. P. Shumaker and Mrs. Graham Bryson each sang. In keeping with the resolution adopted at the opening of the war no refreshments were served, the Daughters turning in to their war fund, the money that would usually be expended for food to be served at their meetings.

## LIEUTENANT C. G. MC PHERSON STOPS OFF IN XENIA

First Lieutenant C. G. McPherson, M. C., who is stationed at Ft. Snelling, Minn., stopped off in Xenia Sunday while on his way back to Ft. Snelling from Biltmore, N. C., and he will be here until Monday evening.

He is a guest of his parents, Mr. and Mrs. J. H. McPherson, of West Third street, and he was joined in this city by Mrs. McPherson, who came down from Columbus to see her husband.

Lieutenant McPherson was in charge of a special car bearing convalescent soldiers from Ft. Snelling to Baltimore, where they were placed in convalescent camps. The men are emphysema patients, in that condition as a result of pneumonia. Lieutenant McPherson said that in every city through which he passed, the car was met by Red Cross representatives who did all that they could toward the comfort of the patients. The trip was made without any difficulty, and the doctor delivered his patients in good condition at Biltmore.

## NATIONAL FARM BUREAU TO BE FORMED

The Farm Bureau organizations of the country are rapidly assuming national importance. At farmers' week in Columbus a State Federation of Farm Bureaus was formed, with O. E. Bradfute of Greene County as chairman.

Since that time Mr. Bradfute with three or four other men from this state have been in attendance at a meeting in Ithaca, New York, called for the purpose of starting a National Federation of Farm Bureaus.

The result of this meeting was the appointment of a committee of five of which O. E. Bradfute is chairman, which is to lay plans and work toward

Mrs. Steven Hussey of Monroe street, is convalescing after an attack of influenza.

The formation of a State and National Farm Bureau Federation is the result of a desire in the part of farmers in general to perfect an organization which will represent them in affairs of the day. Part of the work of these larger organizations will be of a legislative nature, looking toward laws which will at least not be inimical to the farmers interests.

Another function of these higher organizations will be to assist in collecting and compiling data relating to the cost of crop and animal production and by judicious advertising acquaint the public in general with the facts in the case.

Practically all other business today save farming is run on a cost plus profit basis and until agriculture gets on the same footing the prosperity of the nation will be insecure. It is to fill such a gap in farming as exists in no other business that these organizations are being formed. And they should receive the loyal support of every farmer of the country in their efforts.

In colonial costume the young folks rendered two playlets "Making the Flag" and "Little Daughter of the Regiment." In the first sketch, the part of Betsey Ross was taken by Marie Richards. Robert Toohey was George Washington and Homer Hicks was Robert Morris. Elizabeth McCrory played the leading part of "Virginia" in the "Daughter of the Regiment." The rest of the cast consisted of, Thomas Hollencamp as Lieutenant Wood; Edward Sayre, as a

## ALL IN READINESS FOR OPENING NIGHT OF "LET HER GO"

Even to the finest detail, all is set for the presentation at the opera house of "Let Her Go," the musical comedy given under the auspices of the Elks Monday an dTuesday.

A pretty and artistic futuristic scene setting has been erected, lighting and decorations have been taken care of, the cast itself is in position on one of the snappiest, most tuneful, giddiest, most gorgeous musical local talent productions that has yet to be staged here. Director Ray Lee Jackson has been assisted by Robert Hurley, a local director, and the combined staff has worked like troopers to the success of the production.

Dr. A. B. Kester has charge of the music and he has assembled an orchestra that probably exceeds any musical organization ever arranged for a previous performance here. Gorgeous costumes will be used by the players and in the pretty setting designed by Manager George R. Bocket, the musical skit will be very beautiful.

The curtain will rise promptly at 8:15 o'clock and for the benefit of those who arrive on time, there will be no one seated during the first act.

**The Lobster.**  
Unlike most other marine animals, the lobster is not truly migratory in its habits. It remains on about the same ground, it is believed, from year to year, coming into shallower water in spring and returning to the less accessible depths in autumn.

## FRED SOMMERS TO SPEAK ON INCOME TAX IN XENIA

Fred Sommers, from the Revenue Agent's office at Cincinnati, will deliver an address on the Federal income tax at the Business Men's Club Monday evening at 7:30. The new law will be explained, and Mr. Sommers will answer any questions concerning it. Every man, in particular those who are affected by the law, is invited to hear the address.

Mr. Sommers will spend this week in Xenia, assisting the local collector, H. A. Higgins. They will be found at Room 225 in the postoffice building, where Mr. Higgins has established his headquarters. They announce that cash payments of income tax will not be accepted. All payments must be made by check, bank draft or money order.
